INDEPENDENT ACCOUNTANT'S REVIEW REPORT

Board of Directors

Dare to Imagine Church, Inc.

Philadelphia, Pennsylvania

We have reviewed the accompanying financial statements of Dare to Imagine Church, Inc. (a nonprofit organization), which comprise the statements of financial position as of December 31, 2022 and 2021, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of entity management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

NOTE 1 ORGANIZATION AND OPERATIONS

Nature of Operations

Dare to Imagine Church, Inc. (the "Church") was incorporated in the Commonwealth of Pennsylvania on December 11, 2014. The Church's vision is to be a contemporary, Christ-centered, Bible-based community. The Church is a diverse fellowship committed to representing the love of Jesus Christ as it dares to imagine and create a better society for its families, communities and the world. The Church's revenue consists primarily of contributions from members and attendees.

Affiliate Organization

The Dare to Imagine Community Development Corporation (the "CDC") is an affiliated, separate 501 (c)(3) organization incorporated in the Commonwealth of Pennsylvania, created in 2016 to serve the greater Philadelphia community through acquisition, preservation, rehabilitation, planning, facilitating and/or implementing the development of a range of community development projects, revitalization initiatives; education and leadership training; and youth employment, training and empowerment programs with an eye toward achieving economic stability and preserving the cultural vibrancy of the community. There is one common board member between the Church and the CDC.

The CDC works to increase equity and economic empowerment by attracting new businesses, encourage the retention and growth of existing businesses, provide access to homeownership opportunities, create networking and employment opportunities and improve the quality of life and the environment in partnership with community partners, residents, businesses, property owners and other agencies. The mission of the CDC is to strengthen and empower the community by (1) improving educational and development opportunities for children and youth; (2) fostering economic revitalization; (3) increasing the availability of quality housing; and (4) advocating for the rights and privileges of Philadelphia residents.

In support of its initiatives, the Church may from time to time make contributions on its behalf, to the CDC.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Church have been prepared on the accrual basis of accounting and accordingly, reflect all significant receivables, payables and other liabilities.

Financial Statement Presentation

Currently, there are two classes of net assets for nonprofit organizations: net assets with donor restrictions and net assets without donor restrictions.

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial Statement Presentation (continued)

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. These net assets may be used at the discretion of the Church's management and Board of Directors.

Net Assets With Donor Restrictions – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor.

Recently Adopted New Accounting Standards

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update ("ASU") 2016-02, Leases (Topic 842). From a lessee perspective, the new guidance is intended to increase transparency and comparability by recognizing lease assets and lease liabilities on the statement of financial position and disclosing key information about leasing arrangements. ASU 2016-02 requires lessees to report a right-of use asset along with a lease liability for both operating and finance leases. FASB has issued ASUs subsequent to ASU 2016-02 to further clarify and improve Topic 842.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses reported during the period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Church considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents.

Property and Equipment

The Church capitalizes all expenditures for property and equipment in excess of \$500. Depreciation of property and equipment is computed on a straight-line basis over the estimated useful lives of the assets. The estimated useful lives are as follows:

Building30 yearsBuilding improvements10 yearsEquipment3 yearsVehicles5 yearsFurniture and fixtures7 years

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Leases

The Church leases equipment. The Church determines if an arrangement is a lease at inception. Operating leases are included in operating lease right-of-use (ROU) assets and operating lease liabilities on the statements of financial position. Finance leases are included in financing lease right of use (ROU) assets and financing lease liabilities on the statements of financial position.

ROU assets represent the Church's right to use an underlying asset for the lease term and lease liabilities represent the Church's obligation to make lease payments arising from the lease. ROU assets and lease liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term. As most of leases do not provide an implicit rate, the Church elected to use risk-free market rate based on the information available at commencement date in determining the present value of lease payments. The operating lease ROU asset also includes any lease payments made and excludes lease incentives, if any. The lease terms may include options to extend or terminate the lease when it is reasonably certain that the Church will exercise that option. Lease expense for lease payments is recognized on a straight-line basis over the lease term.

Contributions

Contributions received are recorded as an increase to net assets with or without donor restrictions depending on the existence and/or nature of any donor restrictions. When a restriction expires (that is when a purpose restriction is accomplished or stipulated time restriction ends) net assets with restrictions are classified to net assets without restrictions and reported as net assets released from restrictions on the statement of activities.

Rental Income

The Church provides space for rent on a short-term basis. Rent is due at the time of rental and may include a security deposit. It is recorded as an increase to net assets without donor restrictions on the statement of activities.

Functional Allocation of Expenses

The costs of providing the Church's various programs and other activities are summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function and are allocated on a reasonable basis that is consistently applied. Accordingly, salaries, payroll taxes and benefits are allocated among program services and administration based on the time effort towards those activities and their related costs. Directly identifiable expenses are charged to program and supporting services. Administration expenses include those expenses that are not directly identifiable with any other specific function and provide for the overall support and direction of the Church.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Church is recognized as an organization exempt from federal and state income tax under Section 501(c)(3) of the Internal Revenue Code of 1986. Accordingly, there is no provision for income taxes. The Church is not aware of any activities that would jeopardize its tax-exempt status.

NOTE 3 LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the balance sheet date, comprise cash totaling \$243,433 and \$274,462 at December 31, 2022 and 2021, respectively.

The Church manages its liquidity by operating within a prudent range of financial soundness and stability and maintaining adequate liquid assets to fund near term operating needs.
